

Acknowledgment to Reviewers

The Editor-in-Chief and the Associate Editors wish to acknowledge with great appreciation the generous contributions of time and expertise of the following reviewers. These reviewers have not only been of invaluable help in considering the merit of original submissions but also, by their careful analysis and constructive recommendations, have often greatly enhanced the value of our accepted manuscripts. The quality of the Porto Biomedical Journal reflects their work.

Also, we are indebted to the members of our Editorial Board and our supporting institutions, the Faculty of Medicine of the University of Porto and the Centro Hospitalar de São João, for their invaluable support.

Our gratitude.

André Moreira,
Editor-in-Chief, Porto Biomedical Journal
